Can you make your own garden picture/model from play dough?

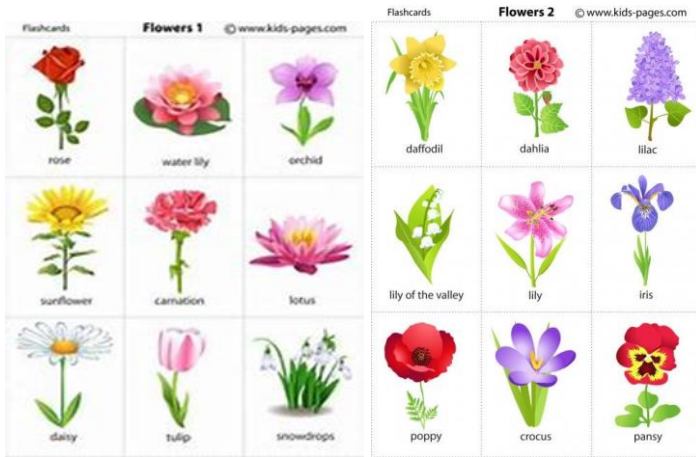

Salt Dough

1 Cup Flour
1/2 Cup Salt
2 Teaspoons Cream of Tartar
1 Cup Water
1 Tablespoon Vegetable Oil

Mix ingredients in medium size sauce pan. Heat on stove at medium while stirring ingredients. Stir until it starts to stick. Put dough on counter and knead it. Will keep for months in an airtight container.

If you don't have any play dough
you could make our own using
the recipe below, you will need
to add food colouring and an
adult to cook it on the oven.

Thursday Go for a flower hunt and see what different types of flower you can find. Ask your parents if you can use the camera/phone to take some pictures of the flowers you find.

Draw or paint a picture of your favorite flower you have found, use your photographs or the above pictures to help you think about the colours and shapes you will need to do this.

Thinking about numbers and counting, make one of the number games below.

SPRING MATH GAME

Now you have played one of the number games, can you make one of these flower number pictures?

More ideas.

You could plant your own seed in your garden or in a pot.
